SUMMARY

Computer Science graduate pursuing an MCA, with hands-on project experience in full-stack web development. Skilled in Python, SQL, and front-end technologies, with working knowledge of AWS, databases, and version control. Strong problem-solver and quick learner.

SKILLS

Programming Languages: Python, JavaScript, SQL

Web Technologies: HTML, CSS, JavaScript (Frontend Development)

Cloud & Platforms: AWS (Fundamentals - EC2, S3)

Databases: MySQL, PostgreSQL

Tools & Version Control: Git, GitHub, Excel, VS Code

Concepts: Data Structures & Algorithms, REST APIs, Problem Solving, Debugging

Soft Skills: Communication, Mentoring, Teamwork, Adaptability

EDUCATION

Master of Computer Applications (MCA) | TIMSR, Mumbai 2026 - 2028

Bachelor of Science (B.Sc.) in Computer Science | Model College, Mumbai 2025

PROJECT EXPERIENCE

VisualizeX - Algorithm Visualizer with Online IDE | Final Year Project

- Developed a web-based application to visualize algorithms (e.g., sorting techniques) with real-time code execution.
- Designed an intuitive user interface to enhance the learning experience for students and developers.
- Integrated front-end and back-end components for a seamless and interactive platform.
